

Dear USDA: (Docket number AO-368-A32, AO-271-A37; DA-03-04B)

I am writing in OPPOSITION to the proposed regulation on family-owned dairy farms that milk their own cows and bottle their milk.

I am very troubled the USDA would enact rules that increase the price of milk to the consumers and limit competition in the marketplace.

I urge USDA to reconsider its recommendation and to act in a way that respects both consumers and the investment of time and money that producer-handlers have put into their family business.

Comments: Edging out businesses like Mallories by trying to control their profits  
so a bigger producer can make more profit goes against the Sherman Anti-Trust Law  
which is suppose to break up monopolies. The Sherman Anti-Trust law should be  
enforced - not ignored-because it supports our FREE ENTERPRISE SYSTEM.
